

MAILED FIST POLICY IN VOGUE IN RUSSIA

Meetings of Revolutionary Leaders Are Held, But Stringent Means Are Taken to Suppress the Dissemination of Incentive Language—Both Sides Are Plainly Playing for More Opportune Time for Strike.

ARREST OF VIBORG REPRESENTATIVES WOULD HAVE GIVEN THEM SATISFACTION

ST. PETERSBURG, July 26.—The decision on the question of a general strike is still hanging fire. No word has been received from the revolutionary leaders, who again were in secret session tonight. In addition to other reasons, conditions in the famine district is advanced as an argument against the strike, as the peasantry would resent the tying up of the railroads, upon which they are dependent for grain to keep them from starvation. The ministry of railroads received word today of several attempts to destroy railroad bridges and it is believed that the radicals are resorting to this means to force the issue.

The police are becoming more active in breaking up meetings in the capitals. Today they invaded a conference of St. Petersburg aldermen, which was held in a private house, and placed all of those in attendance under arrest for five hours while the house was searched and all papers examined.

News has been received here that radical troubles have broken out at Krasnovsk, of Siberia. The Russians and natives of Siberia. One person was killed and six were wounded in the first encounter.

ST. PETERSBURG, July 26.—"Strong handed reform" is laid down

At the same time that the bond was given a motion to quash the information, charging Rockefeller with conspiracy, was also filed.

MIRACLES PERFORMED.

KANKAKEE, Ill., July 26.—Three alleged "miracles" were performed at St. Anne's Grotto today. Miss Barbara Bertone, of Cardiff, Ill., who, it is said, had not been able to walk for seventeen years, was "cured," and walked away from the church without crutches.

Miss Mayme Chaney, of Muskegon, Mich., who had suffered from poison ivy for nine years, was "made well." Mrs. A. F. Page, of Muskegon, Mich., a bedridden invalid for a year, was also cured.

More than 4,000 persons attended the services, 1200 coming from Chicago on a pilgrimage to the Shrine of St. Anne.

LONG MARCH IS AFFECTING ARMY

Trip Across Country to Manoeuvre Camps Shows Troops in a Poor Condition.

WASHINGTON, July 26.—Without attracting much attention, probably because the movement is general and covers such a wide extent of territory, for the first time since the Civil War almost the entire army of the United States is on the march.

Frequently large bodies of troops have been moved in this way, and during the Spanish war the entire army was moved, but in that case nearly all the men were entrained. In the present case they are marched afoot and on horseback from the various posts and concentrating at the seven big manoeuvre camps where the regulars and the militiamen are to train together.

Officers at headquarters are not surprised to learn that the men are suffering from the hardships of the march, that many drop out from heat and fatigue and that there has been considerable damage to horseflesh. The fact, as stated by General Oliver, the acting secretary of war and himself a veteran, is that the men have become "soft" in post life, and it is one of the principal purposes of the marches to the joint encampments to discover the weak spots and to season the soldiers by approximating war conditions as closely as possible.

REVIVAL AMONG THE INDIANS.

LAWTON, Okla., July 26.—One of the greatest revivals that has been carried on among the Indians in the Southwest country is in progress on the Fort Sill military reservation, five miles north and west of the post. The Comanches, Kiowas and Apaches are in attendance in great numbers. They are taking an unusual amount of interest in the services and it is the intention of the leaders to continue in the good work as long as any good results are being accomplished. Rev. J. H. Wright, a missionary to the Apache tribe, is in charge of the campmeeting.

FOLK TO FORCE LID BY MILITIA

ST. LOUIS, July 26.—St. Louis county may yet see the state militia on guard at its various saloons and summer gardens on the Sabbath, according to rumors floated yesterday in the county and in Jefferson City.

Repeated violations of the lid law have, it is said, convinced Governor Folk that the time for talking is past, and that the only way to teach county saloonkeepers a practical lesson is to have the state soldiers bivouac in front of their doors.

Announcement to this effect from Jefferson City may be made today, according to information given out last night. Governor Folk received the usual report yesterday morning about the county situation, and held a lengthy conference with Assistant Attorney General N. T. Gentry.

For the first time the governor refused to make a definite statement as to his plans, which was taken by the knowing ones to mean that drastic action will now be taken.

The quo warranto proceedings against the corporations running sum-

mer gardens will be instituted some time this week, but this will only be incident to the crusade. The summer garden saloons are only a small fraction of the number in the county, and even though their charters should be forfeited, there would be nothing to prevent reorganization under another name.

There are 165 saloons in the county, and a great number have at least their back doors open on Sunday. A regiment of militia contains 880 men, and it is said to be the intention to station from four to ten soldiers in the front and rear of each saloon on Sundays.

The expense of maintaining the militia will be borne by the county. A number of militiamen have already requested the assignment in anticipation of the governor's action. The services of Battery A as a body were tendered to the governor last summer, and the tender has never been withdrawn. It is probable that it will be the first organization called out.

WANT THE MULLAHS BACK.

TEHERAN, Persia, July 26.—The political discontent here is again assuming an acute phase. The people are loudly demanding the dismissal of the grand vizier, the return of the Mullahs and a codification of the laws. Mullahs are now assembled at Kum, the Great Shiah place of pilgrimage. There are over 5,000 refugees under the protection of the British legation here.

BLOW IS GIVEN BUCKET SHOPS.

ATLANTA, Ga., July 26.—The lower house of the Georgia legislature today passed what is known as the Boykin anti-bucketshop bill by a vote of 132 to 16, after the longest debate of the present session.

The bill prohibits all dealings in futures on margin and will close all bucketshops, exchanges, etc., in the state.

The bill will now go to the senate where it is expected to pass.

DENN GETS MORE ORE IN SHAFT.

Sinking from the ten level of the Denn has proved productive of results, that company yesterday encountering ore at a depth of 1033 feet. The strike was made in the main shaft of the Denn.

This is the second strike of ore that has been made at this property, and bears out the opinions of the management that they have been working toward a large body of ore.

UNKNOWN MAKES ATTACK UPON MRS HARTJE

Most Startling Yet Is Evidence Introduced in This Most Sensational Case of Divorce Proceedings.

Husband Swears Directly Opposite to His Wife — This Would Send Her to Jail if in Criminal Court.

PITTSBURG, July 26.—JUST AFTER LEAVING THE COURT HOUSE TODAY, FOLLOWING THE ADJOURNMENT OF THE HEARING IN THE HARTJE DIVORCE, MARY SCOTT HARTJE, RESPONDENT IN THE CASE, WAS ATTACKED BY AN UNKNOWN MAN ON THE STREET. DESPITE THE CROWD ABOUT THE COURT HOUSE AT THE TIME THE MAN MADE HIS ESCAPE, ALTHOUGH FOR A SHORT TIME A CHASE AFTER HIM WAS TAKEN UP, HE DISAPPEARED IN AN ALLEY IN THE VICINITY OF THE COURT HOUSE. TODAY WAS THE FIRST TIME SINCE THE HEARING THAT MRS. HARTJE HAS APPEARED ON THE STREET WITHOUT A DETECTIVE BEING NEAR. AT HER OWN REQUEST THE DETECTIVES WERE DISMISSED FROM PROTECTING HER.

THE USUAL SPECTACLE OF A husband giving evidence that, if produced in a criminal court, would tend to convict his wife of crime, the punishment for which is imprisonment in the penitentiary, was seen this morning. Wilbert Ashby, husband of Blanche Ashby, formerly a domestic in the Hartje household, swore that his wife told him she had led in the deposition she made for Mrs. Hartje, and that she had been promised money for doing so.

Ashby also swore that his wife had

CAR WINDOWS BROKEN BY HAILSTONES

Bombardment of Rock Island Train by Large Pieces of Ice Does Damage.

DENVER, July 26.—Pelted by hailstones fully as large as hen's eggs, several of the passengers of the incoming Rock Island train last night escaped serious injury only by huddling together in the aisles of the cars. The storm overtook the passenger train at Flagler, Colo., between Denver and Limon, and after perforating all of the windows on the eastern side of the train, filled the cars with hailstones to the depth of several inches.

When the train arrived in Denver last night shortly after 10 o'clock every window on one side of the train was broken, as the result of the terrific hailstorm which it encountered. The hailstones were blown by a fierce gale against the sides of the cars. The wind-blast was as paper before the bombardment, and every glass in the train was shattered within a few moments after the storm was encountered.

Passengers sitting on the eastern side of the train rushed for protection to the other side of the cars. But still the large hailstones pelted them, and many were bruised by the contact with the frozen globules. The storm lasted about ten minutes.

The damage to crops in that portion of the state is said to be exceedingly heavy. Hailstones are said to have lain on the railroad track to the depth of six inches after the fury of the storm had passed. Trains were delayed on all roads running through that portion of the state, and the Rock Island arrived nearly one hour late.

JEWS ARRESTED.

ODESSA, July 26.—This city is comparatively quiet today. About seventy Jews have been arrested on suspicion of belonging to a self-defense organization.

In disturbances yesterday two Jews were killed, seventeen wounded and twenty-seven shops wrecked.

TERRIFIC STORM IN ST LOUIS

ST. LOUIS, July 26.—A terrific wind and rain storm struck St. Louis and vicinity this afternoon. Lightning started seven fires in different parts of the city. A negro, name unknown, was blown from his wagon under a passing fire engine and killed. Electric wires were blown down. Sheds and a few frame houses were demolished and a number of people hurt by debris.

The excursion steamer Liberty, filled with pleasure seekers, caught in a storm near Alton, Ill., was driven through the Mississippi river at uncontrollable speed and dashed into a dike on the Missouri side. Rocking and toppling, with terrified passengers huddled in her cabin, the prow of the boat was forced upon the government dike, while the force of the wind hurled chairs into the river from her deck and shattered the cabin windows.

The boat held firmly on the dike, however, and when the storm had abated sufficiently the government boat Lucia transhipped the passengers and landed them in Alton.

The wind blew at a velocity of 30 miles an hour and was accompanied by incessant lightning and a heavy down-pour of rain, and for a short time hailstones fell. The rainfall was .39 of an inch.

OUTLAW AT BAY.

LADYSMITH, Wis., July 26.—A messenger who has just arrived here from Cameron dam reports that the sheriff and six soldiers whom the governor sent from Milwaukee, encountered John Dietz, the outlaw, in a fierce battle. One soldier was shot twice and is being brought to Ladysmith, but cannot live. One of Dietz's boys was also shot through the head, but was dragged inside the house and Dietz remains fortified in his camp and another battle is expected soon. Doctors have left for the scene.

HOLINESS CHURCH DECLARES WAR ON PEEK-A-BOO WAISTS.

HUNNEWELL, Mo., July 26.—The Holiness Church, of Macon county, Missouri, has declared war on the peek-a-boo shirt waist. Recently the church paper, published in the county, spoke very plainly to young women wishing to attend the Feast of the Tabernacle, to be held in College Mound, in August. The paper contained the following paragraph:

"Please do not let any young ladies come to the camp meeting with arms and necks exposed by thin sleeves and waists. It seems immodest and unbecoming enough to wear such garments where no one sees you but your father and brothers."

GRUESOME FIND MADE.

BELCHERTOWN, Mass., July 26.—The body of Miss Winslow M. Goodell, who disappeared from her home on July 6, and for whom search has been made continuously since, was found today by the young woman's father in a pond which had been drained many times fruitlessly.

A superficial examination of the body indicated that the girl was accidentally drowned.

PREMIUM ON LABOR.

SAN FRANCISCO, July 26.—The demand for labor in California promises to exceed the supply for many months to come. The reconstruction of San Francisco, the very large railway extensions and improvements, the unusually heavy crops and development work in national and local irrigation and power projects, have worked together to create a tremendous demand.

Fifteen thousand more men can find ready employment in reconstruction work at good wages. Altogether California offers employment to not less than 40,000 men at the highest wages on record.

BRYAN WILL NOT MAKE TRIP TO RIO JANEIRO

Nebraskan Prominent in Peace Parliament in London—Will Sail From Gibraltar August 20 as Planned—In Letter to New York Outlines Plans to Be Followed in Connection With His Reception.

HE WANTS COLLECTION OF FUNDS TO BE ABSOLUTELY FREE FROM GRANT MARKS.

LONDON, July 26.—William J. Bryan will not go to Rio Janeiro as was reported in a cablegram from the Brazilian capital last night.

Mr. Bryan said today that he had no intention whatever of deviating from the program mapped out, that he would sail from Gibraltar on the North German Lloyd steamer Prinzess Irene on August 20, after completing his tours through England, Scotland, Ireland, Holland, Germany, Italy, France, Spain and Portugal in the order named and that he had no intention whatever of visiting South America at the present time.

Mr. Bryan reached London tonight, coming to attend the International Peace Conference. Speaking apropos the dissolution of the Duma and the remarkable demonstration made by the Russian delegates at the opening session of the Inter-Parliamentary union. Mr. Bryan said he thought the czar's action was a calamity of the gravest character.

NEW YORK, July 26.—The executive committee which is in charge of a reception to be given to William J. Bryan at Madison Square Garden on August 30, made public today a portion of a letter written by Mr. Bryan to Alexander Troup, of New Haven, treasurer of the committee, concerning the method of securing funds for the reception. Mr. Bryan wrote in part as follows:

"There will be some expense and the committee must see to it that no money is accepted from questionable sources; in fact I think it would be well to announce that the expenses would be borne by popular subscription, dollar subscriptions being preferable, but that larger subscriptions would be received up to \$50, none being received over that. It should also be announced that subscriptions of \$5, or more than \$25, would be entered in a book and the names given to anyone desiring them. Subscriptions of less than \$5 would not be known without the consent of the subscriber.

"Say that the reception will be made as inexpensive as possible and that any surplus over and above the expenses of the reception will be used to print and circulate speeches delivered at the reception.

"I think the publication of the subscriptions is an important thing. Republicans have failed to pass any effective law in regard to campaign contributions and this will be a good rebuke to them and will foreshadow the adoption of such a policy by our next campaign committee."

"Toggerly" E. S. Smith last night entertained a number of his most intimate friends at a musicale given in honor of the opening of his swell ladies' furnishing house. A large number of Mr. Smith's friends were present. The program was one of the best that has been rendered in Bisbee this season.

HEARST TO BE NOMINATED FOR GOV.

Independence League Has Mapped Out Plans for the Campaign.

NEW YORK, July 26.—The Press tomorrow will say:

"Wm. R. Hearst will be nominated for governor in Carnegie Hall on Tuesday, September 11, or on the following day. At the close of the convention the nomination will be tendered to Mr. Hearst at a mass meeting in Madison Square Garden, and then the campaign of the Independence League will be formally under way. Justice Wm. J. Gaynor will not be a candidate against Hearst."

NO INSANITY PLEA.

NEW YORK, July 26.—It was reiterated tonight that a proposition to make an attempt to secure a lunacy commission to adjudicate Thaw's case had been dropped even by the counsel retained by Mrs. William Thaw. It is understood that his counsel, consisting of Former Judge Olcott and Terrence J. McManus, have decided that such a motion would meet with ultimate defeat and therefore it has been eliminated.

Thaw will be allowed to go to trial if he desires. Emotional insanity will be offered by Mr. Harriette Thaw's personal counsel. Mr. Olcott is retained by Mrs. William Thaw, mother of the prisoner, to look out for young Thaw's interests—not in the way of any action on his part, but to aid in every bit of evidence he can secure.

RIGLER IS KILLED IN FALL DOWN SHATTUCK MINE

Jake Rigler, an old time miner in Bisbee, fell 200 feet to his death in the Shattuck-Arizona shaft about 10:30 last night. Rigler was a pipeman at the Shattuck, and was working in the cross-head compartment last night, fitting some new pipe. There were two other men working with him, but they had just stepped off the cross-head before the accident. A clutch broke loose in the engine house, and Rigler went down 200 feet to the bottom of the shaft. He was killed instantly.

When the body was brought to the surface it was found that his skull had been very badly fractured, probably hitting against the timbers as the bucket flew past on its way to the bottom. As soon as the body was brought to the surface, Coroner Murphy was telephoned for and proceeded immediately to the scene of the accident. The following jury was empaneled: T. J. Jones, Thos. Dickson, Fred Rooney, Duncan Chisholm, T. Kirkpatrick and Edward Peak.

The dead man has lived on the Johnson addition for some time past. He was fifty years of age, and had been employed in the mines around Bisbee for the past eight or ten years.

The wife of the dead man was notified last night that her husband had been hurt, and that he had been taken to the hospital. It was the intention to have some one who knew the family well break the news to the bereaved woman.

The body was taken to the Palace Undertaking Parlors.
